COROLLA
GX WAGON

COROLLA GX WAGON IN LIQUID BRONZE

THE ALL NEW COROLLA WAGON

Big value at a small price

Corolla Wagon gets the big things right. Corolla Wagon has always offered great value to New Zealand drivers and the new model offers even more with improved safety and convenience features.

Corolla Wagon is big on all the important things; safety, fuel efficiency, space and technology, providing the ability to comfortably adapt to your needs. Offering peace of mind driving, Corolla Wagon can simply and quickly convert from carrying passengers, to cargo and back again.

BIG ON LOOKS

Corolla Wagon sports new looks both inside and out. A distinctive front grille with chrome accents encases self-levelling halogen headlights; while the rear spoiler adds to the good looks of the Corolla Wagon.

BIG ON TECHNOLOGY

Features such as Bluetooth handsfree phone and audio streaming capability, USB input and auxiliary jacks, plus iPod control; means that technology on the go is all catered for. Large clearly marked user controls are within easy reach and the Multi-Information Display (MID) shows fuel consumption, cruising range and shift position indicator which keeps things simple for drivers.

BIG ON COMFORT

For an interior to be practical, it also has to be comfortable and durable. Supportive black fabric seating is complimented by attractive silver instrument panel trim. Ample cabin storage includes a storage compartment above the large glove box, bottle holders in all doors and a centre console with cup holders. A retractable and removable tonneau cover can keep items out of sight in the rear, or if preferred they can be stored in the storage box under the luggage area floor.

BIG ON SPACE

With more interior room to go round, rear passengers have ample leg room, while cargo gets more stowage space with 872L with the rear seats folded down. All it takes is a quick flick using the one touch fold down mechanism to adapt the 60/40 split rear seating to allow for the additional load.

BIG ON EFFICIENCY

The Corolla Wagon is powered by a 1.5 litre petrol engine and offers improved fuel efficiency, meaning practicality is also economical. It delivers 5.7L/100km (combined) for the 5-speed manual model and 5.1L/100km (combined) for the 7-speed automatic Continuously Variable Transmission CVT model.

BIG ON SAFETY

Occupants are protected by driver, front passenger, side and curtain shield airbags. Whiplash Injury Lessening (WIL) front seating is also provided and all five seating positions have 3-point seat belts fitted.

Corolla Wagon also comes with Vehicle Stability Control (VSC) and Traction Control (TRC). These preventative technologies work by restoring control to the vehicle. In the event of the vehicle starting to skid, each wheel is braked individually, power is adjusted and torque is applied to the steering wheel. Wheel spin is also limited during acceleration.

Corolla Wagon shown accessorised with TRD Front and Rear Spoilers and aftermarket 17" alloy wheels. Contact your local authorised Toyota dealer for a range of accessories to enhance style and/or functionality.

COROLLA WAGON IN LIQUID BRONZE

Sit behind the Corolla Wagon steering wheel and enjoy the smartly designed dash layout.

The large easy to use dials of the air conditioning system allow for quick adjustments.

Corolla Wagon's audio system has Bluetooth phone connectivity so you can receive handsfree phone calls on the go.
