HIACE ZX IN FRENCH VANILLA

HIACE ZX VAN IN FRENCH VANILLA

# HIACE

Hiace vans have gone tirelessly about their business throughout New Zealand for many years making them the most preferred vans by a long stretch. Whether it's short haul city deliveries or carrying large bulky items long distances Hiace vans have a deserved reputation as the reliable workhorse of many businesses.

**The Hiace exterior design** uses a sleek windscreen angle, increased body rigidity and integrated air dams on the outer edges of the front bumper to regulate air flow giving you a smooth and quiet ride.

**Built-in safety** is the result of dedicated research pursuing crash safety while increasing load space. Standard features across the range include an energy absorbing steering column, impact absorbing structures in the pillar garnishes, side door impact bars, and a link-type brake pedal to minimise intrusion into the driver's foot well. Driver and front passenger airbags plus pre-tensioning front seatbelts with force limiters are standard for all models.

Hiace braking systems feature ventilated front disc brakes. An Anti-lock Braking System (ABS) with Brake Assist (BA) is standard for all models.

**Interior design** with a focus on ergonomics ensures full control and ease of driving at all times. Indicators and switches are positioned for maximum visibility and intuitive operation. The dash-mounted shift lever allows pass-through access from either side of the cabin. Ergonomic seat design contributes to a fatigue-free driving experience on long trips and in stop-and-go city traffic, keeping you refreshed, alert and focused on the road ahead.

**Powerful mechanical design** gives Hiace the heart to run all day, everyday. For all body styles there is a choice of 5-speed manual or 4-speed electronically controlled (ECT) automatic transmissions. The ZL van can be powered by a 2.7 litre petrol engine designed for the needs of commercial use. This engine produces 111kW of power at 4800rpm and 241Nm of torque at 3800rpm. For diesel fans the 3.0 litre turbo charged and intercooled common rail engine available in all models delivers 100kW of power at 3400rpm and an impressive 300Nm of torque from just 1200rpm.

Hiace ZL

Hiace ZX has 540mm more floor length and 300mm more load space height than Hiace ZL

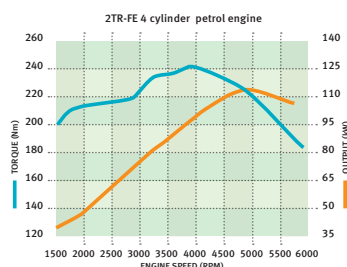

Hiace ZX

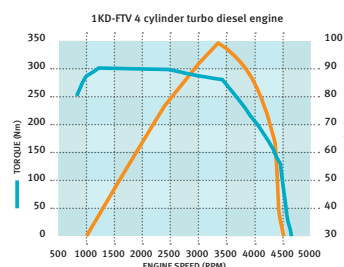

Flush body surfaces and integrated side door rails make all Hiace models quiet achievers on the road.

Coffee, music and comfortable seats will get you to your next job nicely relaxed.

The 2.7 litre petrol engine has the same level of sophistication as engines found in many passenger cars but with power and torque output developed to meet the needs of commercial drivers.

The 3.0 litre common rail turbo diesel engine is a four cylinder 16 valve DOHC design with intercooler that produces maximum torque from just 1200rpm.

Petrol  
Manual  
12.1L/100km\*

Petrol  
Automatic  
12.3L/100km\*

Diesel  
Manual  
8.0L/100km\*

Diesel  
Automatic  
8.5L/100km\*

All models have airbags for driver and front passenger.

Door pockets on both sides have a circular recess to hold your drink bottle.

Ample covered storage helps keep the interior clutter free and prevents reflective objects interfering with visibility.

The image from the reversing camera is displayed within the rear view mirror.

### FACTS AND FIGURES

→ Overall length:	4695mm
→ Overall width:	1695mm
→ Overall height:	1980mm
→ Wheelbase:	2570mm
→ Loadspace length:	2930mm
→ Loadspace width:	1545mm
→ Loadspace height:	1335mm
→ Kerb weight petrol - manual:	1700-1755kg
→ Kerb weight petrol - auto:	1705-1760kg
→ Kerb weight diesel - manual:	1795-1870kg
→ Kerb weight diesel - auto:	1805-1880kg
→ Gross vehicle weight:	2800kg
→ Max towing capacity - braked/unbraked:	1400/700kg

Hiace ZL driver and front passengers have an expansive view over the clean dash. In the wide bodied ZX model the view is even broader. The audio system includes an AM/FM radio with single in-dash MP3/WMA CD player, auxiliary input jack and USB connection, Bluetooth handsfree phone capability and audio streaming, voice control for audio/phone, 3 line text display, radio text and 4 speakers.

The transverse rear seat available for some Hiace ZL models expands the seating capacity by three seats. When folded there is still plenty of cargo space.

# HIACE ZX

8.7L/100km\*

Diesel  
Automatic  
9.2L/100km\*

An important feature is the dash mounted gear lever that maximises interior space.

The fold down table in ZL and ZX vans allows important documents to be kept close at hand.

The cab forward design neatly packages the engine under the front passenger seat.

ZX van now has left and right side sliding doors for easy access to the cargo area.

## Hiace ZX 5 door van

### FACTS AND FIGURES

→ Overall length:	5380mm
→ Overall width:	1880mm
→ Overall height:	2285mm
→ Wheelbase:	3110mm
→ Loadspace length:	3470mm
→ Loadspace width:	1730mm
→ Loadspace height:	1635mm
→ Kerb weight - manual:	1955-2030kg
→ Kerb weight - auto:	1965-2040kg
→ Gross vehicle weight:	3200kg
→ Max towing capacity - braked/unbraked:	1400/700kg

With its large load area the Hiace ZX van will easily swallow standard building products. The low level loading, rear step bumper and tie-down hooks makes ZX the large van of choice. With ample space between the rear wheel arches, standard building panels fit with ease.

HIACE MINIBUS IN FRENCH VANILLA

### FACTS AND FIGURES

→ Overall length:	5380mm
→ Overall width:	1880mm
→ Overall height:	2285mm
→ Wheelbase:	3110mm
→ Seating capacity:	12
→ Kerb weight - manual:	2130-2160kg
→ Kerb weight - auto:	2140-2170kg
→ Gross vehicle weight:	3200kg
→ Max towing capacity - braked/unbraked:	1400/700kg

Interior comfort is paramount for happy, relaxed passengers. Full cabin air-conditioning delivered through ceiling vents and grab handles on each seat back are welcome features. Passengers travel in comfort and safety thanks to all seats having 3-point ELR seat belts.

As well as having plenty of space inside, the Minibus side door has been designed with ample head room for easy entry and exit.

\*Fuel consumption and CO<sub>2</sub> emissions will vary depending on driving conditions/style, vehicle condition and options/accessories fitted. ADR 81/01 (combined).
