LAND CRUISER 200 SERIES

LAND CRUISER VX LIMITED IN CRYSTAL PEARL

LAND CRUISER 200 SERIES

Built to handle the most demanding conditions.

The Land Cruiser legend has been built from over 60 years of unmatched performance in the world's toughest conditions. From remote deserts and mountains to the dense bush of New Zealand, the demands placed on Land Cruiser have been extreme - and with each generation of Land Cruiser, the legend grows.

The Land Cruiser 200 series continues to push boundaries of comfort and performance, providing the strength and no-nonsense 4WD capability to deliver on your ever growing demands and expectations.

**Good looks definitely aren't everything.
But they go a long way.**

There's a daring and bold look about the Land Cruiser 200 that immediately commands respect. Along with a more assertive front bumper design and repositioned fog lights, the 2012 Land Cruiser 200 VX includes daytime running lights and halogen headlights with automatic levelling. On the VX Limited the side mirrors have a position memory, an automatic anti-glare feature, heater, plus an auto reverse tilt and camera to assist parking and reversing. To keep the view ahead clear, both models also have rain sensing wipers and water repellent windscreen glass. Newly designed 18 inch alloy wheels complete the strong and commanding look.

A bit of luxury? Fine by me.

Keyless entry welcomes you to a hard wearing yet luxurious Land Cruiser 200 interior that's designed to comfortably take the rough with the smooth.

A press of the smart start button activates the full 8 inch touchscreen and a bright Optitron instrument panel with Multi-Information Display (MID) that updates you on your vehicle's status.

The touchscreen integrates a reversing camera display and an innovative Satellite Navigation system that does more than help you find your way.

Everything is at your fingertips with audio, multi-function display, telephone and voice recognition switches on the steering wheel so you still can focus on the road while making adjustments. In the VX Limited you can also heat your power adjusted steering wheel.

In the most extreme conditions the powerful, rapidly responsive air conditioning will quickly heat or cool the cabin space for you. The VX has independent controls for front and rear, while the VX Limited has independently controlled four zone climate controls, heated power front and rear seats as well as ventilated front seats with driver memory. The VX Limited also has a cool box conveniently placed between the driver and front passenger to keep travel snacks and drinks cold.

Other features that set the VX Limited apart are the power glass sunroof and rear seat entertainment system to keep your back seat passengers entertained for those longer journeys.

Fuel consumption
10.3L/100km*

CO₂ emissions
273g/km

*Fuel consumption and CO₂ emissions will vary depending on driving conditions/style, vehicle condition and options/accessories fitted. ADR 81/01 (combined).

LAND CRUISER VX LIMITED IN CRYSTAL PEARL

Land Cruiser 200 won't leave you stuck between a rock and a hard place.

When you're going off-road, Land Cruiser 200's multi-terrain technology goes well beyond the proven full-time 4WD that delivers variable torque front and rear through a Torsen Limited Slip Differential (LSD).

In testing conditions where you need to totally focus on manoeuvring the vehicle, you can select CRAWL control which acts like an off-road cruise control with 5 pre-set speed settings. Either on road or traveling through steep, unstable terrain you'll have the added reassurance of Hill-start Assist Control (HAC).

Multi-terrain Anti-Lock Braking (ABS) with Electronic Brake-force Distribution (EBD) ensures better braking on a wider range of surfaces. Both models have Multi-Terrain Select which offers four selectable terrain modes for everything from mud, to rocks, ruts and ridges. The four camera Multi-Terrain Monitor gives you a much better view of your surroundings and help you through those testing situations.

To help you manoeuvre around a tight corner in difficult terrain, both the VX and VX Limited also have an Off-Road Turn Assist feature.

The Kinetic Dynamic Suspension System (KDSS) comes standard on the VX limited helps suppress body roll, while wheel articulation has been improved for excellent off road traction.

When the family is on board, have confidence they're in safe hands. In addition to the raft of driving systems, the Land Cruiser 200 features a comprehensive range of active and passive safety features to keep you and your family safe on or off road.

The Land Cruiser 200 utilizes welded high-strength sheet steel to increase rigidity and reduces weight while all seating positions feature three-point seatbelts.

Front, side and knee airbags protect the driver and front passenger while front and second row occupants are protected with curtain shield air bags. On the VX Limited second row side airbags are also provided. The VX Limited also has Active Front Headrests which instantly move up and forward, providing further protection in the event of a rear end collision.

If you plan to go far beyond the road end, carry messy loads and tow the boat there then your Toyota Dealer can help with a range of Genuine Accessories tailored to enhance Land Cruiser 200. Accessories shown are sold separately.

Alloy Bull Bar - airbag compatible.

All Weather Cargo Liner.

Towing kit - 3500kg capacity.

Land Cruiser 200 VX

has the on-board technology, and performance to comfortably and confidently cope with everything, from crawl to cruise wherever you find yourself.

LAND CRUISER VX IN SILVER PEARL

With a reputation built over 60 years of unmatched performance Land Cruiser 200 wagon sets the new benchmark.

Land Cruiser VX second and third row seats will each accommodate three passengers for eight in total.

There is no need to scramble inside to retract 3rd row seats - they are easily stowed or folded down flat with built-in handles.

The plush moquette fabric seats in VX offer all day comfort.

LAND CRUISER 200 VX IN SILVER PEARL

Land Cruiser 200 VX Limited

raises the standard yet again with features for added comfort and control, including leather interior, rear seat entertainment system, power glass sunroof, four zone climate control air conditioning, Kinetic Dynamic Suspension System (KDSS), 4 camera Multi-Terrain Monitor and Multi-Terrain Select.

Technologies such as CRAWL Control and Turn Assist make for easy, relaxed travelling off-road.

Land Cruiser 200 VX Limited is trimmed throughout with black leather seats and woodgrain styling for the ultimate in comfort.

Steering wheel controls allow the driver to access audio volume and mode, receive phone calls and scroll the display for a variety of up-to-date information. Drive a VX Limited and you'll look forward to winter-time motoring with the steering wheel heater to warm your hands.

LAND CRUISER VX LIMITED IN CRYSTAL PEARL

You won't have to struggle for power

4.5 litre twin turbo charged diesel V8 Double Over-head Cam (DOHC) engine with intercooler will quickly get you on your way with 195kW of power. There is plenty of torque in reserve with a massive 650Nm produced at only 1600rpm providing the muscle needed to tackle the best, and worst, of New Zealand's natural terrain.

The Land Cruiser's six-speed automatic transmission is designed to handle high torque while performing with luxurious smoothness. A sequential shift mode allows the driver to select gears manually.

From the outside Land Cruiser 200 presents a commanding presence. Sitting behind the steering wheel you will have a sense of being in command.

The 8" EMV with Satellite Navigation is the information centre displaying everything from climate control to the reversing camera image.

Occupants in VX Limited can enjoy chilled refreshments while en-route.

Although there's vast luggage space in the back Land Cruiser 200 has many smaller storage spaces.

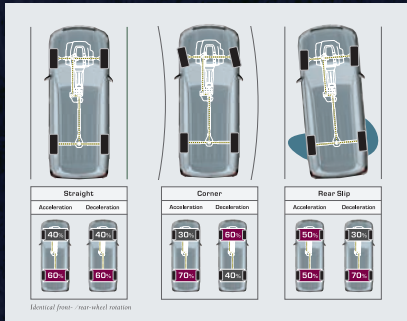

VX Limited rear seat passengers can enjoy a break from the long journey with a movie interlude. The wireless rear seat headphones allow for a different audio track to be played to rear seat passengers so front seat passengers can enjoy music or a radio channel while those second and third rows enjoy a DVD.

LAND CRUISER 200 TECHNOLOGY

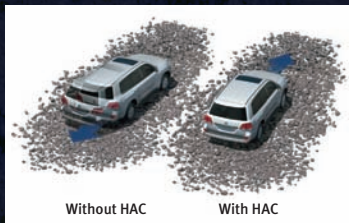

Land Cruiser 200 will never leave you between a rock and a hard place.

The full-time 4WD system delivers variable torque to the front and rear through a Torsen Limited Slip centre Differential. This means the most appropriate amount of torque is provided to the front and rear axles depending on driving conditions.

CRAWL control acts as an 'off road cruise control' and automatically applies additional power or braking to maintain a very low speed allowing the driver to concentrate fully on steering through tricky terrain.

Hill-start Assist Control - when travelling off road, greater confidence is offered with the high tech features found in Land Cruiser 200.

When starting up steep gradients Hill-start Assist Control (HAC) carefully manages braking to reduce wheelspin when moving off.

Vehicles travelling on steep terrain have best control when traction is maintained at all times.

Kinetic Dynamic Suspension System (KDSS) optimally adjusts the front and rear stabiliser bars based on the movement of hydraulic cylinders. High roll rigidity is provided to suppress body roll and give superior on road performance while wheel articulation has been improved for excellent off road traction. KDSS requires no power source.

Standard on VX Limited.

LAND CRUISER 200 SPECIFICATIONS

	LAND CRUISER VX	LAND CRUISER VX LTD	
MECHANICAL SPECIFICATIONS	The 4.5 litre 1VD-FTV twin turbocharged diesel engine is a V8, 32 valve, DOHC (Double Overhead Cam) design with intercooler. Maximum power of 195kW is produced @ 3400rpm and maximum torque is 650Nm @ 1600~2600rpm. Common rail direct injection system.	•	•
	Diesel is required. Fuel tank capacity 138 litres (standard).	•	•
	Fuel consumption*: 10.3L/100km; CO ₂ emissions 273g/km.*	•	•
	6-speed Super Electronically Controlled automatic Transmission (ECT) with Artificial Intelligence (AI); full-time 4WD with high-low ratio selection, power mode and 2nd gear start functions; Torsen sensing Limited Slip centre Differential (LSD) with locking switch.	•	•
STEERING BRAKES & SUSPENSION	Fully independent double wishbone front suspension; 4 link coil rigid axle rear suspension with lateral rod and stabiliser bar.	•	•
	Steering is engine speed sensitive power-assisted rack and pinion. Minimum turning circle is 11.8 metres with 3.14 turns lock to lock.	•	•
	Power-assisted ventilated front and rear disc brakes with hydro booster.	•	•
	Multi-terrain Anti-lock Braking System (ABS); Electronic Brake-force Distribution (EBD) and Brake Assist (BA).	•	•
	Vehicle Stability Control (VSC); Active Traction Control (A-TRC); Hill-start Assist Control (HAC), CRAWL control with speed selection (5 speed settings) and Turn Assist on/off switch.	•	•
18" alloy wheels fitted with 285/60 R18 steel belted radial ply tyres. Full size alloy spare wheel.	•	•	
SAFETY FEATURES	Driver and passenger front, knee and front seat side airbags and full length curtain shield airbags; Roll Sensing Curtain shield Airbag (RSCA) on/off switch.	•	With second row side airbags.
	2x3-point ELR front seat belts with pre-tensioners and force limiters; driver and passenger seat belt warning lights and buzzer; adjustable front seat belt anchors; 3x3-point ELR 2nd row seat belts with outer pre-tensioners; adjustable outer 2nd row seat belt anchors; 3x3-point ELR 3rd row rear seat belts (2x3-point for VX Limited).	•	•
	Child restraint tether anchors and ISO fixing points; child proof rear door locks.	•	•
	LED daytime running lights; LED high stop light; side door impact bars.	•	•
	Active front headrests.		•
INTERIOR FEATURES & CONVENIENCE	Front seats with slide and recline functions; driver's seat height adjustment and power lumbar support; front headrests with height and angle adjustment; front seat back pockets; 40/20/40 split folding 2nd row rear seats with recline, fold and tumble functions; rear seat armrest; 50/50 split folding 3rd row rear seats with recline and fold functions; 2nd row rear headrests with height adjustment; 3rd row rear headrests.	Mid grey moquette seat material and door trim. Seats eight.	Black leather seat material and door trim. Seats seven.
	4 spoke leather steering wheel with audio, multi-function display, Bluetooth and voice controls; leather and metallic style gear lever; woodgrain-style centre console and door inserts; Optitron instrument panel; cruise control; manual tilt and telescopic steering.	•	With steering wheel heater.
	Front and rear climate control air conditioning with independent temperature controls; clean air filter with pollen filter digital type heater controls; outside temperature display.	•	With coolbox. 4 zone climate control.
	Power windows with one touch auto up/down and anti-jam safety function.	•	•
	Smart key start system and door locking with remote central door locking/unlocking and answer-back and panic function; Engine immobiliser and alarm system.	•	•
	Front sunvisors with illuminated vanity mirrors, covers and sub-visors; overhead console with sunglasses holder; front and rear cup holders; assist grips; storage compartments in luggage area; accessory power outlets - 2 x 12V, 1 x 220v.	•	•
	Power glass sunroof with tilt and slide functions.	•	•
Park Assist on/off switch.	•	•	
AUDIO	Pioneer AM/FM radio and single disc in-dash MP3/WMA CD/DVD player with 9 speakers. 8" EMV (Electronic Multi-Vision) display with Satellite Navigation System, Bluetooth handsfree telephone capability, USB connection, climate controls and reversing camera.	•	•
	Rear entertainment system with 2 x wireless IR headphones.		•
INSTRUMENTS & CONTROLS	Multi Information Display with twin trip meters, gear lever position, driving range, average speed, distance travelled, current and average fuel consumption, warning functions, steering wheel angle display, digital speed display, turn-by-turn display and multi-terrain select display; low temperature idling control.	•	•
	Multi-terrain monitor (4 camera system).		•
EXTERIOR	Multi-reflector halogen headlights (with auto-off function for VX Limited); headlight cleaners; headlight levelling; front fog/driving lights; LED rear combination lights. Daytime running lights.	•	•
	Chrome grille surround; electric exterior rear view mirrors with turn indicators (with memory for Limited).	Chrome plated.	Body coloured.
	Aluminium side steps; front and rear towing hooks, front and rear mudflaps.	•	•
Body coloured exterior door handles, front and rear bumpers; front and rear parking sensors; black roof rails; rear privacy glass.	•	•	
OPTIONAL EQUIPMENT	LEATHER AND POWER SEAT PACKAGE includes: leather seat material, power adjustable front seats with driver's side memory system, front seat heaters, active front headrests; electrochromatic interior rear view mirror; independent four zone climate control air conditioning; power tilt and telescopic steering column with with memory functions for heater, auto reverse and tilt; body coloured automatic anti-glare exterior rear view mirrors with power retract, heater and memory functions. Seats eight.	•
